

Student & Academic Affairs

Admin Directory

A quick-reference guide to the administrators who support students across academic and student affairs; part of the SGA Student Advocacy Toolkit.

Not sure who to ask? This directory connects you with the SU offices and staff who can actually help (from academic advising to housing to health services) all in one place. When reaching out, use your SU email with a clear subject line, keep your message concise (who you are, what you need, any deadline), and (where an office lists both a director and administrative support) CC the admin assistant, since they often triage inboxes and can get you a faster response. Allow 1–2 business days before following up. If your question involves an SGA initiative, advocacy effort, or anything on behalf of the student body, cc your SGA director or the SGA President, it keeps leadership in the loop and often gets a faster response, since staff can see it's coming through official channels.

Student Related Offices

14 OFFICES

Student Affairs Department

Vice President of Student Affairs

The central office overseeing student life, wellness, and campus services outside the classroom; a good starting point if you're not sure who else to ask.
